

Ensure compliance and streamline **your department** by **outsourcing** your tax compliance duties.

With increasing complexities in compliance and taxation, staying focused on your core business objectives is a challenge. CorpSource can provide the tax compliance services you need to stay competitive, compliant and focused on your business.

Benefits of CorpSource Tax Compliance

- peace of mind with consistent compliance
- a partner with comprehensive understanding of your specific compliance needs

Tax Compliance services include:

- Federal, state and local regulations compliance
- Return preparation – federal, state and local corporate income and franchise, sales and use, gross receipts, property and escheat
- Return review/position support for restated financials, RARs and amended returns
- Filing for amended returns
- Preparation of schedules/attachments

We've got compliance covered.

CorpSource will ensure tax compliance with all federal, state and local regulations.

→ About CorpSource

CorpSource combines the dynamic response and personal attention of a boutique firm, with the experience and capabilities of a Big 4 consultancy. We get things done – quickly and professionally.

We understand your Tax Compliance challenges firsthand. Before founding CorpSource, we spent more than 20 years working in the tax, legal and finance departments of Fortune 500 companies. We walked in your shoes and dealt with your issues. More importantly, we created the solutions to solve those issues. Right now, with a unique portfolio of technology tools and outsourcing strategies, we can streamline and optimize tax compliance for your corporate tax department.
